

FACT SHEET

UIC Nappairit, LLC

"The people who build"

UIC Nappairit, LLC (UICN) is an Small Business Administration (SBA) certified 8(a) Alaska Native Corporation, operates as a subsidiary of Ukpeagvik Inupiat Corporation (UIC). UICN is a full-service General Contractor with the capability to complete projects throughout Alaska and the lower 48.

UICN specializes in constructing projects in remote locations involving dynamic challenges of extreme climates, complicated logistics, and minimal resources. At UICN our people, project management systems, and delivery methods combined with creativity, accountability and teamwork consistently enable us to deliver the best in value for our clients. We self-perform over 40% of a typical projects' required scope and excel in completing logistically challenging construction projects. We have proven the capability to provide the construction upgrades, security, and safety necessary to perform and manage project design, as our project examples and past performance demonstrates.
